[Apply today](#) with our financing partner, Viking Capital, and a personal loan consultant will find the best financing available anywhere for your personal needs and qualifications.

### Monthly Payment Factors\*

per \$1,000 Loan Amount

Credit Tier	15 Year Loan (up to \$75K Loan Amount)
A Credit	\$ 8.84
B Credit	\$ 9.70
C Credit	\$ 10.29

(Loan Amount \$) x (Payment Factor) =  
Monthly Payment\*

### For your consideration:

- 1) Consider your credit history. Interest rates are generally lower for borrowers with great credit (A Credit).
- 2) In most cases, you can finance all related project costs such as a spa, landscaping and even an outdoor kitchen!
- 3) Some borrowers have the option to combine loans for larger loan sizes. The loans may have different rates and terms.
- 4) To get an exact payment amount, complete an [on-line application](#) and your loan consultant will explain your options.

*\*Loan terms and availability vary based on borrower qualifications and are subject to change without notice. Payment factor amounts are for demonstrative purposes only and not guaranteed to match final payment amounts for all borrowers.*
